

Leon Elmer

1924 - 1927

Little Leon Elmer, son of Mr. and Mrs. John Elmer, passed away at a Madison hospital at about 10 o'clock last evening, following an illness of something over two weeks' duration. The child had been under treatment at the hospital since a week ago Saturday and was the subject of a blood transfusion the first of last week. The child appeared to improve following the transfusion and the condition of the little patient had appeared quite favorable until late yesterday, when an unexpected change occurred. The distressing news was received with sorrow among the many friends of the bereaved parents, who have the sympathy of all in the loss of their little one.

(Interred in Highland cemetery)
